¹**Blanket Contract:** In an effort to coordinate procurement contracts across departments district-wide, the CPS Purchasing department arranges blanket contracts for vendors with whom the district annually does a large volume of business. These contracts enable CPS – but do not obligate it – to procure goods and services up to the contract value. The contract amounts are based on the volume of products/services purchased in the prior fiscal year. Organizing contracts in this manner streamlines the purchasing process by reducing the number of contracts executed and expediting the fulfillment of orders throughout the year.
