Respectfully Submitted,

Victoria L. Greer, PhD

Superintendent of Schools

## SUPPLEMENTAL INFORMATION: Imagine Learning

**Purpose:** Imagine Learning is a teaching and learning platform that provides print and digital access to the Illustrative Mathematics curriculum in grades K-5. We are adopting the Illustrative Mathematics curriculum as a Tier 1 elementary math curriculum for grades K-5.

**Amount of Contract**: \$556,873.50

## **Description/Scope of Services:**

This year CPS committed to a process to find a new math curriculum that will provide standards-aligned, ambitious Tier 1 instruction consistently across our elementary schools. Following a process whereby a group of educators reviewed multiple curricular options, piloted two finalist curricula, and collected data about the two curricula, the leadership team selected the Illustrative Mathematics K-5 curriculum.

This contract with Imagine Learning will support the rollout and implementation of the Illustrative Mathematics curriculum in grades K-5. This is a one-year contract for School Year 2023-2024, but we plan to renew the contract every year for at least 5 years.
