Cambridge Community Center	\$ 19,600 (Vote not required- Less than \$25K)	NA
Total	\$182,000	

Description/Scope of Services:

Providing scholarships for high quality out-of-school time (OST) programs and summer camps are among the most effective supports available for reducing achievement gaps and bridging the gap between the opportunities available to children in low-income families and their more affluent peers. The quality of care that children experience during these elementary school years impacts their health, education, quality of life, and civic engagement as adults.

The identification and selection of summer programs was based on the following criteria:

- Programs needed to be offering **full-day, in-person, Massachusetts state-licensed programming and services** for students aged 4.5-13 years-old (grades K-7).
- **High-quality, mission-driven organizations** providing services in Cambridge
- **Established track record of collaborating with CPS** to support high needs students and families through strategies that support more equitable access to programs and services.
- Commit to **reserving slots** for high needs CPS students.
- Commit to **accepting referrals** from CPS and the Cambridge Agenda for Children Out-of-School Time (AFCOST) to fill those slots, while prioritizing a continuum of out-of-school time care from school year to summer when possible.
- Accept CPS scholarships based on a **set and agreed upon maximum daily rate, \$70/day**, which is comparable to what state-licensed providers in Cambridge charge for summer programming.
- Accept that reimbursements for tuition costs to scholarshiped CPS students **would be paid in arrears**, not at the beginning of the summer, as is typically the case.
- A commitment to work with CPS to coordinate appropriate data sharing about students' learning and growth needs, and possible use of CPS's personalized learning tools available for use during the summer.
