

Dear King Community,

The topic for our next School Council Meeting is the annual presentation of the School Improvement Plan (SIP). The School Improvement Plan is a district framework that focuses on the following domains: English Language Arts, Math, Chronic Absenteeism, and School Culture. Principal Yung will share the draft plan and provide time for all members to comment on it.

Regarding feedback to the SIP: everyone's voice is valued. Please note that the activity for the presentation centers on allocated time for participants to enter questions and comments into a Jamboard on specific components. These notes will be collected—not discussed—as feedback to our Instructional Leadership Team (ILT). The King Instructional Leadership Team is composed of King educators across different domains (e.g., general education, special education, specialist).

The process moving forward after this meeting entails (a) our ILT reviews the feedback and makes adjustments, then (b) Assistant Superintendent and Chief of Academics provides feedback, and finally (c) approval from the Superintendent. We have also slated a March School Council meeting to share updates and general trends from this process.

Sincerely,

Martha Schloming  
Co-Chair

Gerald Yung,  
Co-Chair & Principal

Day: Tuesday, November 21, 2023  
Time: 5:00 - 6:00 PM (ZOOM only)
