

## Notes:

- Caregiver Conference Guidance
  - Guidance crafted by SH was shared in a recent weekly newsletter
- Council Food/Nutrition Guidance
  - SH to share v1 / draft of the nutrition handbook excerpt
    - SC will work on it
    - Reframe as FAQ, potentially
    - Reorder so handbook text comes after FAQ
- SIP
  - Review of goals
    - Dip in sense of belonging → focus for SY26
  - Panorama survey to be used AND survey developed internally which tracks to school-based foci
- Caregiver Engagement Survey
  - In January, how can we get a sense for how families are feeling as related to the 5 engagement areas
  - SH created a survey
  - SC to review and comment on additions, modifications, subtractions
  - Question about anonymity - pros and cons
  - Questions about purpose - targeted outreach or general assessment of engagement feelings / systems, which then might dictate whether anonymity is required
  - SH: focus is really on teachers. Not about accountability. But content is related to what is happening in the classroom, so that's the grain size.
  - Name optional; grade mandatory
  - Highest response rate
    - Emailing
    - ParentSquare
    - Hard copies
    - Texting parents
  - Use survey as a way to get information on what methods or vehicles do make an impact on helping folks stay engaged

- Teachers feel like it would be helpful to know what of the many things they do that are moving the needle (vs efforts that take time, but aren't making an impact in the way that is helped).
- Reframed purpose: going to measure how we're performing v goal via panorama survey (EOY measure)
- This survey would be to get a sense at the midpoint interval so we can ID additional strategies that might help some families
- Potential framing: if you're engaged, how/why? What vehicles lead to you feeling that way?
- Framing for faculty
  - You're doing a lot
  - This is a priority - school, district
  - And this is an attempt to get a sense for whether we're doing the right/effective things
- Should there be a question about parentsquare
- Edits / notes in the google form
- Action steps
- Caregiver Workshop Brainstorm
  - ET at the next one to help ID focus for the third / final workshop (which needs to be tied to the SIP)
