Survey Results

GY shared results from survey on subgroups

Survey results: 3 questions, 10 forms received

Subgroups are required to have a zoom option

From survey results, community building was the most selected subgroup

As such, we will soon adjourn this meeting for a subgroup meeting on community building.

Minutes

MHG presented on trying to move away from one-off events and create something consistent; gathering & meeting space with no overarching agenda; maybe a cafe and how to replicate in building; afterschool suites could be used with coffee & snacks to bring in district people with books & computer and open until 11:00 AM weekly

Parents could take ownership of the space.

MS: also agrees it's a great idea; opportunity for new families to meet principal; prospective families can meet current families

PM: looking for after school options; in Spring, meetings could be held outdoors

AG: seems like want to create a space

MHG: get a group of people to organize & stock the place; volunteers?

MHG: cafeteria not an option because PAUS is using the space for breakfast

MS: not all teachers have Room Parents; not needed or no interest

Discussion of school-based directory and Room Parent Handbook.

MS: add Building & Grounds to next meeting
